### Chapter 1 by Lotus Nanese

Mikasa sat on the hospital bed, clutching her new baby girl in her arms. She is filled with joy as she stares at the baby and thinks to herself, 'She has Eren's eyes and my smile. I bet she'll be a handful too.'

Just as she finished thinking, Eren walked into the room, and came over to her and put his hand on her shoulder. She handed him their baby girl, both of them smiling as the little girl continued crying. "She hasn't stopped crying yet." Eren looked at the baby, then, he gently handed her back to her mother. Mikasa said softly to the baby, "Please stop crying Hanan." Eren looked at Mikasa, then at the baby, and he whispered softly "Flower child."

The doctor walked in less than a minute later. "Okay, now we need to take your baby to get her first checkup," he said. He looked at the still crying child and added, "Just to make sure she is healthy." Mikasa let the doctor gently hold the baby, and she watched as Hanan was carried out of the room. She looked at Eren and said, "What do you think of our daughter?" Eren smiled and replied, "How could anyone not like her." Mikasa laughed and said, "I don't know." They sat there, quietly, until the doctor brought the child back into the room.

Chapter 1 by Lotus Nanese

When Mikasa and Eren returned to the hospital room, they found the baby girl lying there, along with Levi. They jumped up when Eren and Mikasa walked in, both of them smiling as the little girl continued crying. "She hasn't stopped crying yet." Eren looked at the baby, then, he gently handed her back to her mother. Mikasa said softly to the baby, "Please stop crying Hanan." Eren looked at Mikasa, then at the baby, and he whispered softly "Flower child."

Hanan." Armin thought for a second, and said, "That named means flower child, right?" Mikasa answered softly, "Yes, the perfect name for a beautiful baby girl.

Armin agreed and looked at Levi. He said, "But, with Levi around, she will most likely be a neat freak." Eren, Mikasa, and Armin looked at each other, each knowing what the other was thinking. They were all thinking that Armin was correct about his last comment. Levi finally spoke up, saying, "If you are going to talk about someone like they are not there, you should make sure they are in fact, not there.

Mikasa, Eren, and Armin all held in a laugh or two. They were all quiet for a minute, then Armin handed Mikasa the baby, said his goodbye's, and left to go to his house. Levi left almost immediately after to go with the scouts to kill the titans. So, with everyone gone, Mikasa and Eren went into the babies room, which they had prepared almost a month in advance. Once they had put the baby in her crib, they left and softly closed the door, traveling to their room. After two minutes had passed of listening to the baby monitor, Mikasa asked Eren, "So, I'll stay at home with Hanan, and you go fight titans?" Eren thought for a moment, and then replied, "Or, we could hire a babysitter when we are away." Now it was Mikasa's turn to think, yeah, I guess that could work. They sat there for a while, each thinking about how the baby would be raised. Then, on the monitor, they heard the baby crying, and they got up to go see what was wrong.
